

VAT will go-live in a month ... Are you ready ???

The Kingdom of Bahrain is set to introduce VAT from January 1, 2019. This will impact every aspect of business operating in the Kingdom.

VAT readiness - action steps:

- Identify VAT impact on business
- Evaluate VAT registration requirement
- Align IT systems
- Assess VAT treatment of existing contracts

How can we help you:

- VAT impact analysis
- VAT implementation and transition support
- IT functional advisory for system alignment
- VAT registration and return filing support
- VAT advisory services

We will be happy to support you in the VAT implementation journey.
